Additive-free. All ingredients come from Japan. We use plenty of Yuzu that is grown in "Shiromi", Miyazaki where is a premier yuzu production area. "Shiromi" is located in the western part of Miyazaki deep in the mountains of Kyushu. It has a minimum temperature of -7°C or less, a lot of rainfall, and is located on a steep slope with smooth air currents, which is a favorable condition to make a great quality Yuzu. The characteristic for "Shiromi Yuzu" is its slightly flattened shape and has a high reputation for its fruity aroma.		Users can simply mix Yuzu syrup with water or soda. Yuzu syrup goes well with alcoholic beverages such as beer and shochu. In addition, it can be used for a wide range of purposes such as hotels, restaurants and also home for the use of cooking and desserts.
